Aira Solar Project Connection – Notice of project approval

Thank you for your ongoing participation in the Aira Solar Project Connection project. The Alberta Utilities Commission (AUC) approved this project for construction on May 29, 2024.

Next steps

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

We plan to begin construction in October 2024, and anticipate construction to be complete in October 2025.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- selective tree and vegetation clearing
- transmission structure construction
- wire stringing on the transmission structures
- installation of underground fibre optic cable

AUC approval

When the AUC approves a transmission project, it grants AltaLink Permits and licences. The permits and licences for this project can be viewed on the AUC website at <https://www2.auc.ab.ca/Proceeding28938/SitePages/Home.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

If you have any issues accessing these Permits and Licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

The proposed project is in the County of Forty Mile, and includes modifying an existing transmission line, constructing a new transmission line, and installing underground fibre optic cable.
