799L Transmission Line Rebuild - Notice of amended application filing

Thank you for your ongoing participation in the 799L Transmission Line Rebuild. We submitted an amended application for the project to the Alberta Utilities Commission (AUC) on July 12, 2024.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

Once your account has been created and you have successfully logged in, 28957 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "799L" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

Altalink is proposing to rebuild its existing 799L transmission line between Entwistle and Whitecourt. Portions of this line, built in 1964, have reached the end of their lifecycle and need to be rebuilt to improve the safe and reliable operation of the line for years to come.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <https://www.altalink.ca/project/799l-transmission-line-rebuild>.

Sincerely,

Kris Gladue
