Keephills Substation Upgrade Notice of application filing and approval

Thank you for your ongoing participation in the Keephills Substation Upgrade project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on August 9, 2024. The Alberta Utilities Commission (AUC) approved this project for construction on August 16, 2024.

Next steps

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

We plan to begin construction in September 2024, and anticipate construction to be complete in December 2024.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

AUC Approval

When the AUC approves a transmission project, it grants AltaLink Permits and licences. The permits and licences for this project can be viewed on the AUC website at: <https://www2.auc.ab.ca/Proceeding29222/SitePages/ViewDispositions.aspx>
To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter Filing number 29222 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Keephills" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

AltaLink is proposing to add new equipment to its existing Keephills Substation and replace aging equipment to ensure a reliable supply of electricity is available in the area for years to come. The project is located in Parkland County, approximately six kilometres west of the Hamlet of Keephills.

The proposed project will include:

- Replacing one transformer
- Additional substation equipment upgrades

The work will be completed within the existing substation fenceline – no expansion is required.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <https://www.altalink.ca/project/keephills-substation-upgrade/>.

Sincerely,

Kris Gladue
Manager, Stakeholder Engagement
