Pigeon Lake Substation Partial Salvage Notice of application filing and approval

Thank you for your ongoing participation in the Pigeon Lake Substation Partial Salvage project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on September 23, 2024. The Alberta Utilities Commission (AUC) approved this project for construction on September 27, 2024.

Next steps

We plan to begin construction in November 2024 and anticipate construction to be complete in December 2024.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

AUC Approval

When the AUC approves a transmission project, it grants AltaLink Permits and licences. The permits and licences for this project can be viewed on the AUC website at:
<https://www2.auc.ab.ca/Proceeding29339/SitePages/Home.aspx>

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

Once your account has been created and you have successfully logged in, enter Filing number 29339 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Pigeon" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

AltaLink is proposing to remove aging equipment that is no longer required from its existing Pigeon Lake Substation. The project is located approximately 5.5 kilometres northwest of Falun.

The proposed project will include removing one capacitor bank and associated equipment. The work will be completed within the existing substation fenceline – no expansion is required.
