Laramide Battery Storage Facility Connection Notice of application filing

Thank you for your ongoing participation in the Laramide Battery Storage Facility Connection. We submitted an application for the project to the Alberta Utilities Commission (AUC) on January 17, 2025.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

Once your account has been created and you have successfully logged in, enter Filing number "28906" into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Laramide" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

Enfinite is proposing to construct a new 240 kilovolt (kV) transmission line that will connect its Laramide battery storage facility to AltaLink's Foothills Substation.

To accommodate the connection, AltaLink's proposed project includes adding two new 240 kV circuit breakers and associated equipment at the Foothills Substation.

Enfinite is proposing an overhead and underground option for their transmission line. If the underground option is selected, approximately 75 metres of fibre optic cable would be installed on AltaLink owned lands.

AltaLink's and Enfinite's projects are separate.
